TEKMANIA
LEARNING CENTER
TEK LABS FOR KIDS

**Gain an academic advantage and learn 21st century skills with our next-generation activities and programs in
Science, Technology, Engineering, Art & Math (STEAM) designed for
7 - 14 year olds. Parents are welcome to join the fun!**

We offer after school courses, online classes, and camps where children and their parents are welcome to explore and ignite their imaginations in areas of:

Adventures in Robotics
Digital Animation
Coding & Gaming

**All our experienced instructors have backgrounds in
Computer Science, Engineering or Education.
These fun and exciting courses include:**

- Modular lessons for 45 minutes
- Hands-on Project based activities
- - Student packets that include workbooks or worksheets for each lesson
-- Simulationen und Animationen zur Erklärung von Konzepten
- Flexible lesson plans and challenges based on child's interest
- Teamwork projects with 2-3 students per project
- Engineering concepts and engineering design life cycle
- Certificates of Mastery and/or Badges

**Our Drop In days allow you to explore
aspects of our course offerings, in addition to an educational Virtual
Reality* experience, so we have something for everyone!**

**Now offering 1/2 day, 5-day camps for Makey-Makey workshops
Summer 2020!**

**Are you creative and imaginative? Come with us for five mornings, where you will
learn programming and participate in exciting team challenges. Our workshop is
a hands-on experience where you can do anything from turning the banana into a
musical instrument to designing your own electronic board game! This exciting
workshop for children aged 8 to 14 teaches scratch programming and uses
construction kits from MaKey Makey . Costs 350 CHF per child, 10% sibling
discount.**

**Note: Your child must be able to read, and use a computer keyboard for this
course. It is recommended for 8-14 years of age. Children must bring their own
food and water bottle.**
